DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Ohkura et al. Ohkura et al. discloses a vehicle electric generator having a magnetic ring 7 on one side of a wheel and an inductive coil 10 on the shaft of the wheel as described in column 3 lines 46-50 and as shown in figure 1.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kumakura, Chen et al. and Werner et al. disclose various types and modifications of vehicle generators.
